

# Laurencekirk Primary School

## Early Level Home Activities (Nursery-P1)

### Dice Numbers:

Get 6 items such as beads, marbles or small toys. Roll a dice then select that amount from your pile, e.g. if you roll a 4 on the dice, count out 4 items. Then put them back in the pile and roll again.

To add challenge, roll two dice and count the total number of dots before counting out your items.

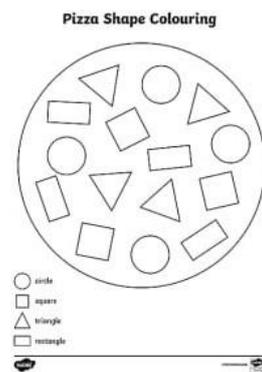

### Goldilocks and The Three Bears:

Retell the story of Goldilocks and The Three Bears to another person in the correct order. You could draw some pictures to help you with this.

### Pizza Shape Colouring:

Draw a large circle for the base of your pizza. Then add some smaller circles, squares, triangles and rectangles for the toppings.

Colour the small circles blue. Colour the squares red.  
Colour the triangles yellow. Colour the rectangles green.

### Hedgehog Picture:

Go outside and gather some leaves or twigs from the garden.

Draw an outline on a piece of paper of a hedgehog. Colour in your hedgehog's face and body.

Using some glue, stick on the leaves and twigs onto the hedgehog's body.
