First Level Home Activities (P2 - P4)

Snakes and Ladders Challenge

Your counter is on the number 9. You roll a 1 to 6 numbered dice and after 2 moves you land on the number 18.

Find all the different combinations you could roll.

21	22	23	24	25
20	19	18	17	16
11	12	13	14	15
10	9	8	7	6
1	2	3	4	5

Random Act of Kindness

Create an acrostic poem about someone in your family using their first name.

Which material do we use?

<https://www.bbc.co.uk/bitesize/topics/zrsgk7/articles/z9pgcdm>

Click on the picture on the webpage above to see what the different objects are made of and why.

If you can, make the two bouncy balls with the materials they suggest. Were they right in what they told us?

Alphabetic Memory (A game for 1 or more players)

On a piece of paper write out the letters of the alphabet, then tear them into individual letters.

Choose 6 letters and divide them out between the number of players. Go outside and find something beginning with your letter(s). Decide on somewhere that the objects can be brought back to and place them in alphabetical order. Look at the objects and try to remember what you see. Cover the objects up and tell someone else what is under the cover! How many can you remember?
